Inclusive Employment for Youth

What is Human Jobs?

Human Jobs is a European Erasmus+ initiative that empowers NEETs (young people not in education, employment, or training) and youth with mild physical disabilities by connecting them to meaningful careers in the humanities sector—fields like social work, psychology, therapy, and mental health services.

We support young people who face motivation and accessibility challenges through digital innovation, storytelling, and gamification.

This digital platform helps youth:

- 🎮 Navigate personalized career paths in the humanities
